

The inaugural meeting of the European Association for Physician Health took place in Oslo (Norway) last 28th and 29th October. The Galatea Foundation is a co-founder of the association and 2 of its professionals are part of the 8 officers of its Governing Body, Dr. Arteman as member and Dr. Lusilla as secretary.

This is the link to the association webpage:

<http://www.eaph.eu/eaph.nsf/content/EAPH-Home>.

We encourage you to join the association if you share its proposals.

One of the first decisions that the EAPH took was to designate Barcelona as the venue for the next annual meeting, probably in December 2010.
